

INTRODUCTORY LITERACY TRAINING

Five day hands-on literacy workshop

The Literacy Task Force of Northern Wisconsin and Nicolet College are partnering to offer a five day introductory structured literacy training course for teachers, tutors, and private practitioners. This thorough and engaging program builds on the fundamentals of the Orton-Gillingham multisensory structured language approach.

Filled with practical strategies based on evidence-based, documented best practices, this hands-on training is essential for anyone who works with children with regard to reading, writing, and spelling. Participants will observe demonstration lessons, as well as prepare and implement sample lessons.
